## Research Project Storyboard

Before working on your final project, your group will need to storyboard the images, speech, text, music, and visual effects you plan on using in your film. By planning all of this out ahead of time, your group will have a better idea of what you will need while filming and what you want your final project to look like. This planning document is due alongside your final project on **Monday, March 2, 2020**.
