Student Celebration Prep & Rationale

As part of the celebration prep, you will need to answer the following questions. Keep in mind that these are the questions your audience members will be given. 😊

1. Why/how did your group choose your topic?
2. What part of the research project are you most proud of? Why?
3. What would you say was the most challenging part of this research process? Explain.
4. Were there any facts or statistics that stood out to you while conducting your research?
5. What do you think the best solution to your problem would be?
6. What were some decisions your group had to make while creating the video and project? Explain.

Additional notes or information you would like to mention during your presentation:

Have fun and good luck! Congratulations on all of your hard work! 😊
